

My husband and I are big fans of K-LOVE radio, and understand that LPFM stations may take priority over translator service. We believe that this would be a bad choice for the hundreds of thousands of K-LOVE listeners. K-LOVE is very family friendly, and we are parents of 4. K-LOVE promotes strong, healthy, safe communities, and is a positive influence on teens in our area. (We listen on 90.3 FM.) We hope that nothing is done to hinder this valuable programming in any way.

Sincerely,
William and Valerie Koski
